

# "BOYCOTT HIGH PRICES" FIRST SHOT AT H. C. L.

## Women of State Asked to Keep Record of Profiteers.

By Associated Press Leased Wire

Chicago, Dec. 20.—Women of Illinois today were given a voice in prosecuting profiteers. Complaint cards for distribution to every housewife were ordered printed by Mrs. Joseph T. Bowen, head of the women's division of the Illinois fair price committee. Women will be requested to set down records of what they think unreasonable prices and they will be filed with the states' attorney if the case warrants.

"We will simply boycott high priced articles now while planning other moves of the campaign to bring down prices," said Mrs. Bowen. "That is more effective than a boycott of the dealers."

Services of the state extension department of the University of Illinois to reach all farmers' wives in the state have been tendered. Thirty-three inspectors of the state division of food and dairies also have volunteered their services to the state fair price committee.

## LETTERS SENT OUT

By Associated Press Leased Wire

Chicago, Dec. 19.—Organization of the 70,000 Illinois women, who during the war were allied with the state council of defense, to combat the high cost of living under plans outlined by the attorney general, A. Mitchell Palmer, was begun today by Mrs. Joseph T. Bowen.

Letters were sent to the chairman of every woman's county and city committee in the state directing her to immediately organize the women of her community into a body of judicious buyers and determined price reducers.

## Record all Purchases

Housewives will be provided with cards on which they are to keep a record of all purchases, including the name of the merchant, the date and the prices paid, so that formal complaints may be filed with the district chairman for investigation. If the case warrants prosecution of the merchant, the complaint will be referred to the state's attorney for action. Cooperation of the farmers' wives will be enlisted through the extension department of the state department of agriculture of which Professor W. F. Hansch of the University of Illinois is the head.

John L. Loughlin, superintendent of the division of foods and dairies of the state department of agriculture has offered the services of his 33 inspectors to assist in the campaign.

Mrs. Bowen said: "We want to educate the women of Illinois to buy only articles that are deemed absolutely necessary and not to pay fancy prices for anything."

"They must go from store to store in buying and purchase from the dealer who makes the lowest price."

## Boycott High Prices

"Boycott of a high priced article is much more effective than a boycott against a particular merchant. Do away with the practice of buying by telephone. Buy in bulk where possible so as to take every possible advantage of a low price. This is practical economy and women must follow the plan outlined in the campaign against the high cost of living in Illinois to succeed."

## CAMPANINI'S SUCCESSOR

By Associated Press Leased Wire

Chicago, Dec. 20.—Gino Marinuzzi, a young Italian conductor who arrived here last month, today was most prominently mentioned as the probable successor of Cleofonte Campanini, who died of pneumonia yesterday. It was reiterated, however, that Mr. Campanini had so thoroughly outlined plans for the present season that plans would go through without further guidance. Five weeks of the season here remain.

Funeral services for Mr. Campanini will be held Monday morning at the Holy Names Cathedral. The body will be taken to his birthplace, Parma, Italy, for burial.

# LEWIS DEMANDS RETRACTION OF CONG. MERRITT

## Denies He Made Statement Attributed to Him in Congress.

Indianapolis, Ind., Dec. 20.—John L. Lewis, acting president of the United Mine Workers of America, denied "in every particular" a statement attributed to him by a member of congress and used by United States District Judge A. B. Anderson in his charge to the federal grand jury, summoned to investigate the coal strike, in a statement today. Mr. Lewis, as a part of the statement also made public a letter he had written to Congressman Schuyler Merritt, of Connecticut, requesting "that you make amends for your mistake by making public admission of the fact."

Mr. Lewis' statement says:

"Some one has done a very great injustice, and I feel that the public should know it. It has been charged against me that I made certain statements that I never made and would not make. In his instructions to the federal grand jury which is now investigating the coal industry, Judge Anderson called attention to a speech made by a member of congress on Oct. 29, in which that congressman said:

"Mr. John L. Lewis, now acting president of the United Mine Workers, when attending one of the joint conferences with the operators referred to the purpose of the conference as follows:

## The Alleged Statement.

"As I understand it, it is for the purpose of wiping out competition between us as miners first, viewing it from our side of the question; next, for the purpose of wiping out competition as between the operators in these four states. When we have succeeded in that and we have perfected an organization on both sides of the question, then if I understand the real purpose of this movement it is that we will jointly declare war on every man outside of this competitive field who will do anything in any way endangering the peace that exists between us."

"What is necessary to do this? Organize our forces in the competing fields as far as the United Mine Workers are concerned. Go into these outside competing fields and tell your competitors that they have to join this movement, whether they like it or not, and give stability to the coal business of the United States."

"This congressman was Schuyler Merritt, of Connecticut, known to be one of the most implacable enemies of organized labor. Why he made such a statement about me passes my understanding, for he had not the slightest grounds for doing so. At no time, at no place, and under no circumstances did I ever make the statement which he charges to me. Congressman Merritt could have learned this truth before making the speech if he had wished to do so."

"Judge Anderson had a right to rely on the speech of Congressman Merritt as containing the truth, for the speech was published in the congressional record, thus giving it official standing. But I say now that Congressman Merritt's quotation of statements alleged to have been made by me is false and widely unwarranted."

"I have written Congressman Merritt a letter demanding a retraction of the false charge which he made against me and which now forms one of the important bases for the federal grand jury investigation."

## TO APPOINT COMMITTEE?

Washington, Dec. 20.—President Wilson's final approval of the membership of the coal strike investigating commission was awaited today. It was understood that the President had chosen the three commissioners, who would be authorized to investigate wages, working conditions and prices in the bituminous coal industry as provided under the provisions of the strike settlement, but the public announcement was delayed by request of Attorney General Palmer.

Unofficial reports gave the miners' delegate as John P. White, former head of the United Mine Workers, and Rembrandt Peale, a Pennsylvania operator, as the operators' representative. There was no speculation as to the identity of the public's representative.

## \$15 a Month Bonus Law in Minn. Upheld

By Associated Press Leased Wire

St. Paul, Minn., Dec. 20.—The state supreme court in a decision filed today upheld the constitutionality of the Minnesota bonus law which allows \$15 a month to Minnesota service men and women for the time spent in the federal military service.

Technically, the state's demurrer to the test suit brought by A. Gustafson, a Minneapolis tax payer, was upheld by the Supreme Court's decision. Three circuit judges heard the arguments in the case yesterday, replacing three regular members of the Supreme Court who believed themselves disqualified because their relatives would be bound under the bonus law.

The bonus law authorized a bond issue of \$20,000,000.

# PERSHING GIVEN GREAT GREETING BY CHICAGOANS

## Great Crowds Lined Streets for View of "Black Jack."

By Associated Press Leased Wire

Chicago, Ill., Dec. 20.—Gen. John J. Pershing, "Buddy," came to Chicago today. The commander-in-chief of the A. E. F., here on an inspection trip, told 3,000 American Legion members that of all the titles he has held from Captain to General, he liked the "Buddy" best.

Gen. Pershing arrived this morning for a two-day visit, which will include inspection of Fort Sheridan. He was met at the station by Maj. Gen. Leonard Wood, and his staff.

The commander was given a roaring welcome by the former overseas fighters, members of Chicago's American Legion posts. "There is unrest throughout the country as is always the case after a war," Gen. Pershing said in a short address. "It is time for us as a democracy to realize that we are guardians of our future. The American Legion will stand up against these revolutionary ideas being preached now. You not only will oppose them morally, but physically, too, if that is necessary."

He advised the former soldiers to keep the organization free from politics.

As the general left the hall he passed down a lane of wounded men from Fort Sheridan Hospital. Many were on crutches. The general stopped, shook hands with every man and questioned them closely regarding their service, wounds, and their progress toward recovery.

Sergeant Walter Dukes, partially paralyzed and carried to the meeting in the arms of a husky comrade, attracted the general's attention when a friend shouted the information that Dukes, seated in a wheel chair, was to be married tonight.

"Where is your wound chevron?" Pershing asked, catching sight of the sergeant's undecorated arm. "If I had a wound chevron," he continued, "I would walk around carrying my arm out at right angles for everybody to see."

Asked by photographers to pose for a picture, the general placed his arm around Dukes and supported him while they posed together.

Another wounded veteran volunteered the information that he had served in the tank corps. Pershing grasped again the hand he had just dropped, shook it warmly, and said:

"I can't tell you how much I appreciate the bravery and gallantry of you brave fellows who served in the tank corps. Your work was wonderful."

## By Associated Press Leased Wire

Chicago, Dec. 20.—Thousands of persons today greeted Gen. John J. Pershing upon his arrival for his first visit to Chicago since he went overseas. Other cheering thousands thronged the line of march to a down town hotel where the general's first ceremonial act was to bestow on two gold star mothers the distinguished service crosses their sons died in gaining in France.

At the American Legion hall where he addressed members he received an enthusiastic greeting. The legion meeting was open only to men wearing the uniform or legion button. Col. Milton J. Foreman, commander of the Illinois branch, introduced Gen. Pershing amidst the roars of the former soldiers.

Chicago's tribute to the American commander-in-chief was reserved until the afternoon when Gen. Pershing was to ride at the head of a parade of 10,000 persons through the gayly decorated downtown district. The terminus of the parade was fixed at the Art Institute where an informal reception was held.

The day's entertainment was to end with a banquet for which more than 2,000 invitations were sent out.

# WOOD DOESN'T SATISFY, DIXON OFFICERS LEARN

# IF YOU NEED 3 FUEL CALL NO. 3

The coal situation locally brightened up to some extent yesterday afternoon with the release of some fuel to local dealers and with better weather conditions. It is hoped that other shipments will be released to the dealers the first of the week. This morning, the north side was without coal, but two cars had been received by the Public Supply company in Dementown late yesterday afternoon. The Wilbur Lumber company reported some soft coal on hand out of the car released to them at noon yesterday.

After going to the trouble and expense of sawing up several cords of wood donated to the city by Superintendent Bost of the local Borden plant, it was reported this morning from the clearing house office, that there were no orders for this kind of fuel. The wood has been sawed into stove lengths and is ready for delivery at a very reasonable price.

## Steamer Breaks in Two When She Hits Reef Off California.

BULLETIN.

By Associated Press Leased Wire

Marshallfield, Ore., Dec. 20.—Capt. A. A. Sawyer, master of the tank steamer J. A. Chansior, Quartermaster Kunkle and one other member of the crew are believed to be the only survivors of the steamer, wrecked late Thursday off Cape Blanco.

## By Associated Press Leased Wire

Bandon, Ore., Dec. 20.—At least 30 lives were lost when the oil tanker J. A. Chansior, bound in ballast from Portland, Ore., to San Francisco, was wrecked off Cape Blanco early Thursday night, according to the report of Earl Dooley, one of the crew, who was washed ashore from one of the Chansior's life boats, near here early today.

Besides Dooley another unidentified man was saved. According to Dooley, the ship struck a reef at 6:10 o'clock Thursday night and broke in two and a few minutes afterward, the after part of the ship sinking, taking 30 men down with it. A score of the crew of 51 were still unaccounted for today.

After the vessel broke in two, according to Dooley's account, ten or twelve of the survivors succeeded in manning life boats, Captain A. Sawyer being among them.

They drifted about all Thursday night and most of yesterday, picking up a seaman who appeared insane when taken from the water and died shortly afterward. On attempting to effect a landing near here, Dooley said, the boat capsized and he and an unidentified man were the only ones known to have reached ashore.

Dooley expressed the opinion, however, that others from the capsized life boat would be found alive along the beach.

# BERGER AGAIN ELECTED FROM MILWAUKEE

By Associated Press Leased Wire

Milwaukee, Wis., Dec. 20.—Victor L. Berger, socialist, today was again representative-elect from the fifth congressional district, having defeated Henry H. Bodensatz, Fusion candidate, by a majority of 4,896 in yesterday's special election.

The complete unofficial vote compiled today gave Berger 24,367 and Bodensatz 19,461. In the election of 1918, Berger received a plurality of 5,607 in a three sided contest, the republicans and democrats having candidates in the field.

Berger was denied a seat in the house of representatives November 10 last, after an investigation into his war record following his conviction and sentence of 20 years in a federal penitentiary on the charge of violating the espionage act.

St. Clair Drake, of the state department of health, notifying him to report all the births and deaths occurring in his district not later than midnight Wednesday night, December 31.

The department also advises that in many cities throughout the state, physicians are paying little or no attention to the laws covering the registration of births and that in the new year this law is to be enforced to the letter. Physicians who do not report births and deaths are to be reported to the office of the attorney general, according to the letter, where their cases will be attended to individually.

# Maude Tabor's Mother Sticks to Her Story

Virgo, her husband, will be brought to trial on murder charges. All three are named in warrants charging murder.

Despite the verdict of the coroner's jury last night that Miss Tabor whose body was found a month ago jammed into a trunk in her home here, had died as the result of an illegal operation, the aged mother this morning insisted the story she told at the inquest was true. She testified her daughter had died in her arms as the result of an overdose of chloroform taken to relieve asthma.

# FRENCH GOVERNS IRISHMEN WITH PISTOL IN HAND

# Police On Trail of Gang Who Attempted to Kill Viceroy.

By Associated Press Leased Wire

Dublin, Dec. 20.—Government police are engaged in tracking down the men who yesterday attempted to assassinate Viscount French, lord lieutenant of Ireland.

Documents were secured by the authorities last night when a store in this city was raided, the officers having been told the place because of papers found on a man named Savage who was killed while running from the scene of the attempted assassination.

Viscount French and Mr. Saunderson, his secretary, refuse to see newspapermen and officials generally are very reticent. The Lord Lieutenant has expected an attack and is quoted as saying recently he was "governing Ireland, pistol in hand," but that he "was not going to evade danger."

It is recalled that the Sinn Fein newspaper Republic, edited by Darrell Figgis, printed in one of its September issues: "Viscount French will not be here much longer but the nation will continue. Its freedom will be won when French has passed the scene."

## MACPHERSON TO IRELAND

By Associated Press Leased Wire

Mr. MacPherson is under constant guard of two detectives and when he reaches Ireland his bodyguard will be increased to 12 men.

Dublin dispatches to the newspaper say one of the band which attacked Viscount French yesterday has been arrested but all other reports state that no captures were made following the shooting. The Mail's Dublin correspondent quotes the Lord Lieutenant as saying recently: "If they want me they will find me doing my duty. I am not going to alter my routine for all the threats in Ireland."

Three of the four, John B. Trainor, Frank Krueger and Joseph Wheeler, the latter of whom is 75 years old, were given 20 year sentences. Harold Toomey's punishment was fixed at from one to fourteen years because it was not proved that he had been convicted of a felony before.

The Dixon High school basketball five were outplayed in their first game of the season at the gymnasium last evening when the fast Monroe, Wis., team defeated them by a score of 26 to 15. The locals were not fast enough to stop the strong five-man offense presented by the visitors, who plainly demonstrated that they had received extensive coaching and were artists in the tossing of baskets from every angle.

A large crowd filled the gymnasium and witnessed the contest. The regular lineup of players were started and later in the game as the visitors piled up their points, the substitutes were given an opportunity to demonstrate their ability.

# NEW RESOLUTION DECLARES PEACE, WINS COMMITTEE

## Knox Resolution Comes Up After Holidays—Sugar Bill Passed.

By Associated Press Leased Wire

Washington, D. C., Dec. 20.—A re-drafted resolution by Senator Knox, republican, Pennsylvania, to declare a state of peace with Germany and to retain to the United States all material benefits that would be gained under the unratified treaty of Versailles was approved today by the senate foreign relations committee by a vote of 7 to 3.

The measure, on which senate action will be sought after the holiday recess, is in form of a joint resolution and would require that unless Germany concedes to the United States such material benefits as are contained in the treaty, commerce with German nationals could be prohibited by presidential proclamation.

A provision also is included reaffirming the general desire of this nation to help establish a world concert for amicable settlement of international disputes.

The committee substituted the Knox proposal for a concurrent resolution previously presented Chairman Lodge, thus apparently abandoning the effort to declare peace by a concurrent measure without the signature of the President.

On adoption of the Knox resolution in the committee, Senators Lodge, Massachusetts; Borah, Idaho; Brandegee, Connecticut; Knox, Pennsylvania; Harding, Ohio; New, Indiana, and Moses, New Hampshire, all republicans voted in the affirmative and Senators Hitchcock, Nebraska; Williams, Mississippi and Pomerene, Ohio, democrats, in the negative.

It was understood to be the plan of the majority leaders to let the resolution lie over in the senate without any attempt to secure action until after the end of the recess early in January.

While it avoids accepting in any way the League of Nations covenant as embodied in the treaty, the resolution sets forth the nation's policy in that regard by quoting from an act passed by congress in 1916 calling on the President to approach the other powers

## DINNER HONORED SOLDIERS—

The Be Jolly club entertained Thursday evening at the home of Mr. and Mrs. D. W. Osbaugh with a large function honoring the soldier boy kin of the members. A dinner was served in the early evening, with a program of music, readings and addresses following. A happier affair could not have been planned and the evening was one of unalloyed pleasure for each and all of the seventy who participated. The Christmas colors blended happily with the Stars and Stripes.

Eleven soldiers were honored by the affair, Leon Miller, Clyde Carson, Jacob Miller, Will Miller, Elwood Hintz, Geo. Osbaugh, Lester Squires, Thomas Roster, Norman McClannahan, Fred Smith, and Byron Atkinson. The last mentioned was unable to be present but was remembered by flowers and some of the good things from the dinner.

After the dinner, replete in everything good imaginable in the way of food, with the soldier boys seated at a table by themselves as guests of honor in a room attractively decorated in the national colors and the other guests served in cafeteria fashion, the evening's program was given. Piano selections were given by Mrs. Ray Carson, Miss Marie Miller, and Miss Lois Keyes, vocal numbers by Miss Ida Boese and Mrs. Edna Charles, and readings by Patrick Devine, Miss Lily Anderson, and Miss Dorothy Hoover. States Attorney Harry Edwards gave an address to the soldier boys, paying a tribute to them for their part in the world war. He also complimented the members of the club upon the name, "Be Jolly," which he said was very appropriate judging from his observations that evening. Lester Squires responded to Attorney Edwards' speech in behalf of his "buddies" and compared the sumptuous dinner of the evening to one chow which they endured a year ago, much to the advantage of the former.

## E. R. B. CHRISTMAS SUPPER—

The Christmas party of the E. R. B. Class of St. Paul's Lutheran church was a delightful affair of Thursday evening. A scramble supper, served in the church dining room, opened the party, with twenty-four members and seven guests seated at the tables, each bearing a miniature Christmas tree lighted by candles. Christmas bells and poinsettias further decorated the room. Rev. and Mrs. Lloyd Walter and the former's father and mother were the guests of honor. During the evening Rev. Mr. Walter gave an address upon church and Sunday school work in general which the class members found especially helpful. The business session of the class followed the supper. Among other business transacted an appropriation of \$5.00 was made to add to the Christmas fund of the Nachusa orphanage and the church council was instructed to select collection plates which the class would present as a Christmas gift to the church.

## ANNIVERSARY SURPRISE—

The thirtieth wedding anniversary of City Commissioner and Mrs. William Slothower was made the occasion of a surprise party by a group of friends on Friday evening. The anniversary falls on today, however, and because of that Mr. and Mrs. Slothower were anticipating nothing last evening and the surprise was quite complete. An evening was spent in playing "Five Hundred" and in enjoying the supper which the guests brought with them. As the thirtieth anniversary is the "lace" anniversary, the guests presented Mrs. Slothower with a lace dresser scarf. The guests included Mr. and Mrs. Frank Sproul, Mr. and Mrs. Dwight Rolph, Mr. and Mrs. Louis Schumm, Mr. and Mrs. Fred Gilbert, and Mr. and Mrs. John Praetz, all of Dixon, and Mrs. Earl Sproul, of Rockford, who is visiting Dixon relatives.

Mrs. Robert Moore also gave several piano numbers. ## UNUSUAL SPECIMEN WAS SEEN IN DIXON

Commissioner W. V. Slothower of the department of public health and safety reported to Chief Van Bibber this morning that within the past few days he discovered one of those very rare specimens now inhabiting the United States, and remembered only by some of the older inhabitants as a "drunk." The commissioner said he noticed the man near the Third street arch, laboriously picking his way westward. The official reported that the man was a stranger and was making every effort to confine his progress to one walk.

The news was received by the chief with much concern, who explained that such a case had not come to the attention of the department for many weeks when a resident of Sterling, who had smuggled a bottle of biters into the cell room in a package of clothing after he had been arrested, there celebrated the occasion by consuming all of the biters. No official record has been made upon the police blotter of the case reported by the commissioner this morning.

## MANY ODD FELLOWS ATTENDED MEETING

Members of Abraham encampment of the Sterling Odd Fellows came to Dixon last evening and conferred the Patriarchal degree upon a class of eight candidates at a meeting of Nachusa encampment at the I. O. O. F. hall. The members of the order from Sterling, Rock Falls, Lee Center and Amboy attended in large numbers. Samuel Erickson, grand patriarch of the grand encampment of Illinois, was a guest of the evening and delivered a very interesting address.

At 6 o'clock, the degree staff from Sterling together with the visiting and local members, enjoyed a banquet at the Odd Fellows hall, served by the Rebekah's. The work of exalting the degree work started immediately after and the ceremony closed at a late hour.

Luther Durkes of Franklin Grove is home for his holiday vacation from the University of Wisconsin.

## IRISH ARE TO HAVE AUTONOMY SIMILAR TO STATES IN U. S.

### Separate Local Rule Probable for North and South of Ireland.

By Associated Press Leased Wire  
London, Eng., Dec. 20.—The proposed Irish bill, which Premier Lloyd George will outline in the house of commons on Monday will, it is believed, forecast a government for Ireland analogous to the state governmental system in America. It is understood to provide for separate parliaments for Ulster and Southern Ireland respectively, with a superior body chosen by both sections. All of the bodies are to be responsible regarding imperial affairs, to the British parliament, to which representatives would be elected, as the states elect members to the American house of representatives.

The idea will be to give a large amount of autonomy to each section of Ireland, with thoroughly easy machinery providing for their combination as soon as they desire to unite, the bill being intended to pave the road for elimination of the idea of the partition of Ireland. To a combined Ireland, it is indicated, even greater powers may be given than are proposed for the separate sections.

It is expected that the premier's announcement will be most conciliatory and comprehensive in outlining what he hopes will be an acceptable plan. The new scheme of government differs considerably from the plans previously discussed and carries concessions on various questions much further. The government in framing the bill is understood to have kept before it as primary points, first that the secession of Ireland and the establishment of an independent Irish Republic could not be tolerated but that the present system of government could not be continued and that it was impossible to ignore the fact that there were two great sections of Ireland, each of whose claims must be considered.

The bill is understood to provide for granting the fullest possible freedom to the two Irish legislatures, administering their own affairs, with powers similar to those held by the states in America.

### STRIKERS KILLED.

By Associated Press Leased Wire  
Buenos Aires, Friday, Dec. 19.—Agitation among the harvest hands of Buenos Aires province, where an agrarian strike has been in progress, resulted in casualties early today when three hundred armed laborers attacked the police station in the village of Cascabel in an effort to rescue a fellow worker who had been arrested. The laborers were driven off after four of them had been killed and a dozen wounded.

## Raised Bridge Held Up Bandits' Flight

By Associated Press Leased Wire  
Chicago, Dec. 20.—Trapped on a raised leaf of the Bascule Bridge spanning the river at Throop street in such a manner that their automobile could not be drawn forward or backward four bandits deserted the car in which sat their victim, whom they had beaten and robbed, and escaped after a battle with city employees.

This melodrama climax followed two payroll robberies in which \$2000 was obtained by the bandits.

Peter Weibelle, the bridge tender started to raise the bridge when he saw the automobile approaching with three of the occupants beating their victim, Ernest Heldmaier, owner of a stone yard, whom they had held up.

## Another Cow Gains a Place in Hall of Fame

By Associated Press Leased Wire  
Washington, Dec. 19.—The cow that burned up Chicago, the cow that jumped over the moon, the cow that raised the fattest calf, and the cow that died on the fence—they will have to recognize an addition to their celebrated quartette now.

She's the cow that ate up \$60 worth of government dynamite out in Willard, Wash., and made the wheels of Congress go around until her owner got \$60. The house passed in its consideration of weightier subject long enough to pass the necessary bill. Contributory negligence on the part of government road builders who left the sticks of dynamite where bossy could eat them, was the verdict.

Strangely enough, it didn't blow up the cow. It only poisoned her; but it nearly blew up the house of representatives.

### CHRISTMAS TREES CHEAP

By Associated Press Leased Wire  
New York, Dec. 20.—The law of supply and demand today forced down the price of Christmas trees from \$2 each to 6 for 35 cents. Many dealers are even giving them away to have demurrage charges on freight cars, explaining that the excessive quantity on hand is due to the army of speculators attracted to the tree field by the large returns netted last year.

## Reichstag Offered Reward for Bodies of Radical Leaders

By Associated Press Leased Wire  
Berlin, Dec. 19.—Ernst Sonnenberg, former paymaster of the government brigade in Berlin and now interned in Holland, alleges that he was ordered to pay a reward of 50,000 marks for the delivery in the Reichstag of the bodies of Dr. Karl Liebknecht or Rosa Luxemburg, radical socialist leaders. They were killed by a mob in this city last January.

Sonnenberg's allegations are contained in a letter to his Berlin attorney and can be substantiated under oath and by witnesses, it is said. The letter is printed in the latest issue of Maximilian Harden's Zukunft.

## PLEBISCITE FOR FIUME WILL NOT BE HELD AT ALL

By Associated Press Leased Wire

Fiume, Friday, Dec. 19.—The plebiscite that was to have been held here to determine whether the proposals made by General Badoglio, the Italian chief of staff, for the settlement of the Fiume dispute, involving the withdrawal of the D'Annunzio forces and the occupation of the city by regular Italian troops, has been abandoned.

D'Annunzio made public announcement tonight that the plebiscite had been annulled. He declared he would himself remain in command of the city.

The despatch does not make it definitely clear whether D'Annunzio has decided against acceptance of the Badoglio proposals. A Fiume despatch on Wednesday reported that strong pressure was being exerted against the proposals and that other elements were demanding stronger guarantees of the ultimate annexation of Fiume to Italy.

## COUNTY FARM IN EAST MADE \$7,193 PROFIT DURING CLOSING YEAR

### Lee Co. Supervisors Find Interesting Figures in Eastern Paper.

Members of the Lee County Board of Supervisors are finding much of interest in a copy of the Lancaster, Pa., New Era, in which it is shown that the poor farm of that county made a net earning of \$7,193.84 for the county during the fiscal year which ended Dec. 1. The paper says concerning the farm:

The Poor House farm consists of 80 acres that are under cultivation, and is the only farm in the county in which every taxpayer has an interest.

The general impression among the people has been, in the past, that the farm was more of an ornament than a paying proposition. The statement published this year and last should change the minds of those who have questioned the fact that the farm pays.

## OFFICERS MUST RETURN BOOZE AFTER HEARING

### Rock Island Attorney in Opinion on Destroying Liquor.

State's Attorney Harry Edwards, Sheriff Frank A. Schenckel and Chief of Police J. D. VanHilber, together with officials throughout the state should not have destroyed liquor taken in raids and arrests, according to an opinion given out by City Attorney John K. Scott of Rock Island. Authorities who destroyed bottles of liquor and caused them to be destroyed on the strength of court orders, may find their act a boomerang, according to the Rock Island attorney, basing his opinion on the recent decision of the state supreme court on the search and seizure act in Illinois.

The section providing for the confiscation of liquor was declared to be unconstitutional, he is quoted as saying, because it lacked a legal method of providing confiscation by the court. It is Mr. Scott's opinion that this decision provides a comeback on the part of the owners of the liquor so confiscated and drained away in the sewer.

Mr. Scott said that these owners of liquor may ask the court to either return the liquor, or its equivalent cash value. In cases where the liquor has been destroyed, of course, the court could not replace it, and would be compelled to pay the price.

However, if liquor owners whose drinks were confiscated and destroyed do apply to the court for compensation, the federal government may step in. Mr. Scott said. Under the provisions of the Lever act, since a state of war still is declared to exist, the owners could be held as owners of liquor and prosecuted for transporting it, he said.

Mr. Scott asserted the Lever act was constitutional because the government provided a notice and hearing before confiscation. He said the decision of the supreme court, by knocking out a clause of a section of the state act, abrogated the whole section relating to search and seizure. The supreme court upheld protection of private homes against search.

As the law now stands, city authorities are allowed to retain trucks and liquor seized in liquor running and holds them as evidence at trial, but after penalty is imposed, must return them to the owner.

## HELP SAVE A LIFE! AMERICAN RED CROSS MERRY CHRISTMAS

### Buy and Use Red Cross Christmas Seals

The sale of Red Cross Christmas Seals, from the proceeds of which the fund for the continuation of the fight on tuberculosis is to be realized, has been very good in Dixon and throughout Lee county, according to reports, but there is still room for added improvement in this movement on the part of the citizens.

The sale of the seals will continue until New Year's Day, for the stamps are New Year's greetings as well as for Christmas, and it is hoped the sale in this county can be larger than ever before.

The announcement that the greater part of the receipts from the seals sold in this county remains here to be used in connection with the work of the Lee County Tuberculosis Sanatorium has added to the interest of many and it is pointed out that every citizen of Lee county can well support the movement. The Red Cross is extremely active in its fight against the great White Plague, and the Lee county officials and physicians will unconsciously work more effectively against the malady in this county if they know from a large and general sale of the seals that the people of the county are back of them in their fight against the disease.

## DIXON Y-BREEZE MAKES INITIAL BOW TO PUBLIC

### Boys' Dept. Publishing Paper Devoted to Local Assn.

The first number of the Dixon Y-Breeze, published by the Boys' Dept. of the local association and devoted to the interests of the association, has made its appearance, and as it is issued from time to time by the young men it will doubtless receive a warm welcome from friends of the association. The editorial staff is announced as:

Elmer E. Rice, Boys' Secretary, Business Manager.

Lawrence Dale, Editor.  
James Andrews and Roy Glessner, Assistant Editors.

Doings, past, present and future, at the association building are told of in the four-page publication; among the future events promised being a get-together meeting Monday evening by the intermediates to formulate plans for the winter season. After the business meeting a social session will be enjoyed.

The Breeze also announces a Pet Stock show to be held in the Boys' Dept. Jan. 3 and 4, and the appointment of Donald McWehly as chairman of the committee to arrange for the affair. The Breeze says, concerning this show and Donald's appointment:

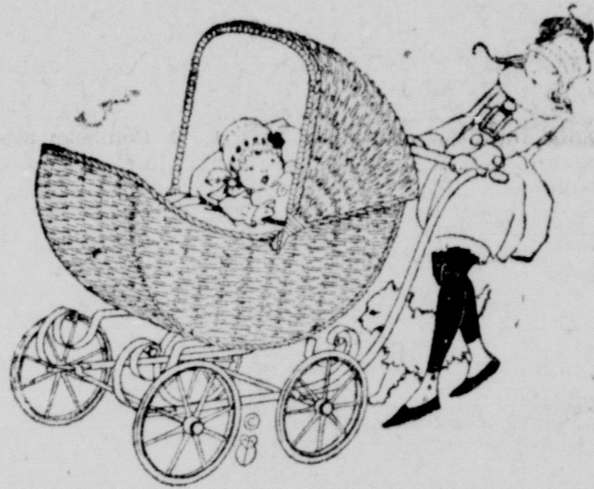

Donald has spent much time in raising pigeons and at present is owner of some eighty yellow and red Cuonax. He also raises some classy rabbits of the type of the Flemish Giants. Other members of our department are giving much time and attention to this business and we are sure of a most successful show. As an added attraction the committee has written to Chicago to contract for a trick elephant to help with the evening's fun and entertainment. The public is asked to remember the dates and join us in giving encouragement to this interesting phase of boy life.

The Breeze is well prepared and is full of interesting, up to the minute articles of affairs at the "Plant for Character Building." It will doubtless do much to promote interest in activities, especially in the intermediate and Boys' Departments.

A Modern Story of Home and Business

### GERRY IS TROUBLED WITH MISGIVINGS.

#### CHAPTER 12

"Gerry dear, I hope I haven't been doing something you will scold me for," Robert said Friday night after we had had our dinner. I had been very late at night; business had been rushing all day, and I was dreadfully tired too tired to talk. But after I had put on a negligee, Robert had insisted I lie on the couch, and said he would do the talking for both. I had noticed he looked a little worried when I complained of being weary.

"Wait until I hear what it is," I had slipped by hand in his.

"I met Murphy and Wood this noon, and I asked them and the girls to come up tomorrow evening."

"Oh, Robert! I intended to learn how to make something nice before we asked them. I'm sorry you didn't consult me. I should have told you to wait another week."

"I'm sorry dear, but I could hardly help it. You see, they have been mighty good to me, and I know that when I married they thought we would still see each other frequently. I think they have been disappointed that we haven't been more sociable."

"But we have only been married two months."

"I know—and you have been so busy, and used up. Poor dear! But about tomorrow night. Don't you worry. I'll go to Mary Elizabeth's or some other place, and get something nice for supper. We won't try to do very much; they won't expect it in a boarding house."

"What a dear you are, Robert. I will ask Mrs. Lane (the landlady) to let us have a card table. We will have Mary Ryan, and you invite some nice young fellow, then we can have two tables and play bridge. Wouldn't that be nice?"

"Indeed it would—if Mary will come. You better find out in the morning, and telephone me. If she can't join us I won't ask anyone but the Woods and Murphys."

I saw at once that he didn't want anyone else, but would not say so, fearing to hurt me. He knew how fond I was of Mary.

"I think perhaps we better not have anyone else the first time. We can play hearts."

Robert looked pleased, and we planned the supper—just a salad, either lobster or chicken, thin bread and butter, and some cakes. We became quite hilarious over it, and I almost forgot how tired I was, until later when Robert woke me and said it was time to go to bed.

"I hadn't been reading the paper a minute when you were sound asleep."

he told me. "It's too bad for you to work so hard."

"It won't always be so hard. The busy season will be over now in a short time."

"That will be fine. You must get thoroughly rested before the spring rush."

I half expected he would say I ought to stop working, and was thankful he understood I should not.

"I wish you would wait after the others go, Mrs. Meredith," Madame Leets said to me the next day. It was disappointing, when I wanted to get home early, but I replied:

"Certainly, I will remain as long as you wish."

It was after six when I left the shop, seven when I reached the boarding house. Robert said nothing but I saw at once he was hurt because I was so late. I wouldn't eat any dinner, but sent him down alone—the first time since we had been married. Then I dressed myself for the evening, arranged the card table—I had bought a linen cover—and by the time I had everything ready Robert came up. He brought me a sandwich and some coffee.

"The dinner wasn't very good, and you will have to make up at your own supper," he said as he hurried to change his collar and brush up a little. He had the supper all ready and it looked delicious. What was the use of worrying over not knowing how to cook when we could buy things so easily?

We had a delightful evening. Both girls praised the salads, and to my delight declared it was far better than they could make. I frankly told them where it came from also that it was so late when I got home I had had no dinner.

"Robert is too good looking to be left much alone," Jane Murphy remarked. "Someone will steal him if you don't watch out."

"He's so sociable, too," Betty Weed added. Then: "We are very fond of him, Gerry. I had insisted they stop calling me Mrs. Meredith. It sounded so formal when they called my husband 'Robert.'"

"We had a tip-top time didn't we, dear?" he asked after they left.

"I thought they enjoyed themselves."

I answered rather absently, my thoughts on what Jane had said:

"Someone will steal him if you don't watch out."

### SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

"My nails are still pinky and shining—and I used Glazo a week ago!"

It isn't a bit of trouble any more to keep your nails beautifully groomed—simply glowing with a healthy polish!

For there's a brand-new method that does away with the troublesome old, everyday buffing. And buffing was harmful, too, because it made the nails hard and brittle.

Glazo is the new way. A liquid polish—applied with a brush as quick as a flash. Keeps the nails firm, prevents their cracking—and best of all, keeps them shining lovely for a week in spite of dirt and soap and water.

Glazo's only 50c, too. Get a bottle from your druggist—or at a department store. The Glazo Co., Cincinnati, Ohio

### TEN YEARS AGO IN DIXON TELEGRAPH

Col. W. F. Lawrie of the Sixth Regiment spent the day in Dixon inspecting the property of Co. G.

Mrs. C. H. McKenney donated a large number of records as a Christmas gift to the inmates of the county home.

Second annual show of the Dixon Country Assn. opened at Rosbrook's hall.

### Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervy wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Subscribers please remember that we discontinue the Telegraph on the day the subscription expires. If you desire to receive the paper please send P. O. order, draft or check to the Evening Telegraph, Dixon, Ill.

### GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

Dixon, Ill., Dec. 19—Chicago & Alton train No. 76, Bloomington to Chicago, was derailed near Willow Springs short

of the British government. When asked whether he intended to take further steps relative to peace, he replied in the negative.

"We must leave the matter to the Red army," he declared. "We understand from Premier Lloyd George that he wished us to deal first with Admiral Kolchak and Gen. Denikine. That is what the bolshevik army is successfully doing."

## 5 Cars Overturn in Wreck Near Joliet

By Associated Press Leased Wire  
Joliet, Ill., Dec. 19.—Chicago & Alton train No. 76, Bloomington to Chicago, was derailed near Willow Springs short

Among the passengers on the train was George Woodruff, president of the First National Bank of Joliet and the Illinois chamber of commerce. He was not injured. The wreck was caused by a broken rail.

Men in the overturned cars pulled emergency tools from the walls of the cars and chopped their way out, rescuing women and children, many in a fainting condition. The train is a local and carried a capacity load of Christmas shoppers.

### Corn Closed Heavy After Vigorless Day

By Associated Press Leased Wire  
Chicago, Dec. 20.—Enlarged receipts put bulls at a disadvantage in the corn market today. At first there was some show of strength as a result of a sharp advance in sterling exchange and owing to a statement by the secretary of the treasury regarding credits for Europe. Buying, however, lacked vigor, and there was soon a general sag. Opening prices, which ranged from 1/2¢ decline to 1/4¢ advance, with January 1.38 1/2 to 1.39 and May 1.34 1/2 to 1.35, were followed by moderate gains and then by a set back all around to well below yesterday's finish.

Oats were governed chiefly by the changes in corn. After opening unchanged to 1/2¢ off, including May at 82 1/2 to 82 1/2, the market hardened a little, and then eased down again. Weakness in grain had a bearish effect on provisions. Selling, though, was not urgent. Absence of support rather than aggressive selling characterized the market later. Prices closed heavy, 1¢ to 2 1/2¢ net lower with January 1.37 to 1.37 1/2 and May 1.33 1/2 to 1.33 1/2.

### Weekly Grain Review.

By Associated Press Leased Wire  
Chicago, Ill., Dec. 20.—Material advances in the corn market this week have accompanied the passage of the Edge foreign finance bill. Quotations this morning compared with a week ago were 2 1/2¢ to 5 1/2¢. Oats gained 1 1/2¢ to 3 1/2¢ and provisions 37¢ to \$2.25. Anticipations of the passage of the Edge bill helped to give the corn market decided strength even before the measure had received the formal sanction of congress, especially as it was a generally accepted opinion that the President would sign the bill as soon as possible. In this connection, a big rally in sterling did much to encourage bullish sentiment, and so too did export sales of wheat and oats to France, as well as the fact that coal was still receiving precedence on the railroads, and thus curtailing the movement of grain. Subsequently, however, renewed weakness in British exchange together with reports that Canada interests were trying to cancel shipments of corn bought in the United States had a somewhat depressing effect.

Activity of exporters did much to give strength to oats. Besides, shortages of feed barley in the northwest was a bullish factor. Provisions were lifted by upturns in the value of grain and hogs. Pork especially made a steep ascent.
